

Message from OUR LADY OF AMERICA

To AMERICA AND THE WORLD

December 25, 2010 through Chris Courtis, a visionary in Maryland, U.S.A.

Praised be Jesus!

Dear children of America,

Today, I come again with my last monthly message. How, dear children, have you responded? At first you began to take my messages seriously. You began to pray and fast from your heart. You began to absorb my messages and put them in practice, but how quickly you lost your way.

Now, dear children, do I call you again to come to me and to listen to my messages and respond. The sins in America are grave. Many souls who are dying are being lost to Hades. You must pray and make many sacrifices so that all souls can be saved. My requests are the same ones that I gave to you in Fatima, Portugal in 1917. With a mother's pleading, I say to you, my dear little children, you must stop offending God!

You do not know what awaits you or what God will allow to happen. That is why you must always be prepared. Pray, rekindle your heart to God, and pray for the conversion of sinners. This nation will have much to suffer because it will not surrender in humility to the virtue of humility. Without humility, God's graces cannot enter. There will be wars. There will be famine in the United States. There will be many souls who will be lost due to natural disasters, and also disasters caused by men.

Evil is growing at an alarming rate, and I have been sent to help you, to prepare you to meet my son and live in humility. Oh, I am the Mother of God. How I weep for the sufferings which will soon come to you. I have said that this nation is in labor. How true! What you will labor for, again, is still not clear because God has given to you free will. You can change this current path of wanton destruction to one of joy and peace, but you must surrender, surrender your whole life to God. Live in Divine Providence.

I am sad that my messages have not been taken seriously. There will be earthquakes, floods, and epidemics of every kind. You think you are free, especially from epidemics. No, dear children, there are two new diseases waiting to grip humanity. I speak to you in this manner as a mother because I simply desire to warn you and to protect you. God is tired. My Son is very tired, and I need your prayers in order to hold back the just hand of God. Please, His arm is so crushing. I can no longer restrain it. Help me through your prayers, sacrifices, and sufferings.

Realize also, dear children, that in this great struggle, your freedom is being taken away, little by little. God is love, mercy, and freedom, freedom because He has given to you freedom of will. Oh, how dangerous it is when man abuses his fellow man and takes away his liberty! How much suffering will be caused! Realize that your freedom is being taken away, and pray to persevere so that you may live through these events which are coming.

My Immaculate Heart mourns for you, and yet I say to the United States of America, open your eyes, open your ears, open your heart now while there is still time for grace! Yes, as long as I am with you, this is a time of grace. So once again, I plead with you. Please, dear children, you must stop offending God because He is so much offended!

I bless you, in the name of the Father, and of the Son, and of the Holy Spirit, Amen. Thank you for your response to my call. Go in the great peace of God. (*The light is enveloping her. It's still there. It's Our Lady Mother of Mercy!*) [see next message]
